General Technical Report PSW-GTR-214
March 2008

This publication reports research involving pesticides. It does not contain recommendations for their use, nor does it imply that the uses discussed here have been registered. All uses of pesticides must be registered by appropriate state or federal agencies, or both, before they can be recommended.

CAUTION: Pesticides can be injurious to humans, domestic animals, desirable plants, and fish or other wildlife--if they are not handled properly, Use all pesticides selectively and carefully. Follow recommended practices for the disposal of surplus pesticides and pesticide containers.

Papers were provided by the authors in camera-ready form for printing. Authors are responsible for the content and accuracy. Opinions expressed may not necessarily reflect the position of the U.S. Department of Agriculture.

Abstract

Frankel, Susan J.; Kliejunas, John T.; Palmieri, Katharine M., tech. coords.

2008. Proceedings of the sudden oak death third science symposium. Gen. Tech. Rep. PSW-GTR-214. Albany, CA: U.S. Department of Agriculture, Forest Service, Pacific Southwest Research Station. 491 p.

The Sudden Oak Death Third Science Symposium provided a forum for current research on sudden oak death, caused by the exotic, quarantine pathogen, *Phytophthora ramorum*. One hundred and seventeen submissions describing papers and posters on the following sudden oak death/ *P. ramorum* topics are included: biology, genetics, nursery, and wildland management, monitoring, ecology, and diagnostics.

Key words: Sudden oak death, *Phytophthora ramorum*, invasive species, tanoak, coast live oak.

Contents

- 1 **Welcome, Overview, and Updates**
- 3 Welcome to the Sudden Oak Death Third Science Symposium
Susan J. Frankel
- 5 Rethinking *Phytophthora*—Research Opportunities and Management
Everett Hansen
- 15 Eradication of *Phytophthora ramorum* From Oregon Forests: Status After 6 Years
Alan Kanaskie, Ellen Goheen, Nancy Osterbauer, Mike McWilliams, Everett Hansen, and Wendy Sutton
- 19 Status of *Phytophthora ramorum* and *P. kernoviae* in Europe
Joan F. Webber
- 27 Determining the Effectiveness of the Federal Order/Interim Rule on *Phytophthora ramorum* Dissemination in Nurseries
Karen Suslow
- 31 An Update on *Phytophthora ramorum* in European Nurseries
David Slawson, Jennie Blackburn, and Lynne Bennett
- 35 Canadian *Phytophthora ramorum* 2006 Update
Ken Wong
